NANG (Zin Mar Soe)

Email Designer

nang.atelier@gmail.com · nang-email.vercel.app · Open to relocation and remote work

PROFILE

Email designer who plans, designs and codes marketing emails: product launches, campaigns and automated flows. I design mobile-first and build responsive HTML emails with Klaviyo tags. Before design, I founded and ran a slow-fashion brand and taught science for three years, so I know how to sell a product and how to make complex ideas simple.

SKILLS & TOOLS

Email Campaign and flow design (launch, cart abandonment, loyalty), mobile-first layout, email strategy, message hierarchy

Code HTML email (table layouts, inline CSS, responsive), Klaviyo templates and dynamic tags

Design Visual design, typography, brand identity, editorial design, UI/UX

Tools Figma, Canva, Klaviyo, Claude (AI-assisted coding), ChatGPT, Notion

SELECTED PROJECTS

Juiceday · Product launch sequence · *Email strategy · Design*
Planned and designed a 4-email launch for a skincare brand: curiosity, launch, social proof and last chance. Each email has one goal and one button.

Vivaia · Customer journey · *Email design · HTML · Klaviyo*
Redesigned a Women's Day campaign email and designed the cart abandonment email that follows it. Coded it in responsive HTML with Klaviyo cart tags.

Nike & TripAdvisor · Email redesigns · *Mobile-first redesign*
Redesigned real brand emails for phone reading, with clearer hierarchy, readable text sizes and one clear call to action.

The Wounded Spiral · Book cover · *Client commission · Print*
First paid client project: turned a low-resolution oil painting into a print-ready 300 DPI full wrap for an A5 paperback. Delivered on time and in scope.

EXPERIENCE

Secondary School Science Teacher · SKP Public School, Thailand 2022 – 2025

- Turned complex science topics into clear, visual, project-based lessons.
- Coached students to national science medals: Gold (2024), Silver (2023) and Bronze (2024).
- Worked in an international teaching team across 8+ nationalities.

Founder & Designer · Karotte Collection, Myanmar 2020 – 2021

- Founded and ran a slow-fashion linen brand solo: sourcing, production, packaging, photography and sales.
- Launched on a pre-order model with 5 garments and turned a profit with no prior business experience.
- Designed every brand touchpoint: identity, care cards, hang tags, labels, tote bag and packaging.

EDUCATION & CERTIFICATIONS

Master of Engineering, Integrated Chemical Engineering · Mahidol University, Thailand 2020

Bachelor of Engineering, Materials and Metallurgy · Yadanarpon Cyber City, Myanmar 2015

UI/UX Essential to Expertise · Carrie's UI/UX Corner 2025

Introduction to Technical Writing · Coursera 2025
